TOWN WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Bedford in the County of Hillsborough, in said State of New Hampshire; qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Town on **Tuesday, the twelfth day of March, next**, at ten of the clock in the forenoon to act upon the following subjects:

Article 1. To bring forth your ballots for the necessary town officers for the ensuing year and the ensuing three years. Polls are to open at 10 A.M. and are not to close before 6 P.M. At 8 P.M. action will be taken on the following Articles in the Warrant:

Article 2. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriation for same:

Town Officers' Salaries	\$ 5,500.00
Town Officers' Expenses	2,000.00
Election and Registration	300.00
Municipal Court	350.00
Town Hall and other Buildings	3,000.00
Police Department	2,500.00
Fire Department	6,000.00
Health Department	50.00
Vital Statistics	50.00
Street Lights	1,678.52
Town Dump	500.00
General Highway and Winter Maintenance ...	15,000.00
Care of Town Clock	50.00
Summer Maintenance of Highways and Bridges	10,000.00
Memorial Day and Veterans Associations	50.00
	<hr/>
	\$47,028.52

Article 3. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for the support of the poor; \$3000.00 for the assistance of the aged; and \$1000.00 for the aid to Soldiers and their families.

Article 4. To see if the Town will authorize the Selectmen to hire money in anticipation of taxes up to the sum of \$50,000.00 if needed and vote to raise and appropriate the sum of \$500.00 for interest thereon.

Article 5. To see if the Town will vote to raise and appropriate the sum of \$1000.00 for the Library.

Article 6. To see if the Town will vote to raise and appropriate the sum of \$4000.00 to gravel Class V Highways.

Article 7. To see if the Town will vote to raise and appropriate the sum of \$250.00 for Civil Defense.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$1035.41 for Construction of Class V Highways, the State to Contribute \$6902.73.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 for the tarring of Class V Highways, under the direction of the Selectmen.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$600.00 for spraying Elm Trees.

Article 11. To see if the Town will vote to raise and appropriate the sum of \$200.00 for damages and legal expense, including dog damage.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$50.00 to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town in cooperation with 37 other Communities in this Region.

Article 13. To see if the Town will vote to raise and appropriate the sum of \$600.00 for the care of the New Cemetery; \$25.00 for pumping water for same; \$100.00 for care of

Joppa Cemetery; \$50.00 for the care of the Old Cemetery on the Back River Road and \$25.00 for the care of the Beals Cemetery.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the maintenance of Power Equipment used in the Town Cemeteries.

Article 15. To see if the Town will vote to raise and appropriate the sum of \$4900.00 to apply to the Capitol Reserve Fund for the Purchase of a Grader.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$200.00 for the Planning Board.

Article 17. To see if the Town will vote to raise and appropriate the sum of \$187.20 for the installation of (5) five new Street Lights; one on Woodlawn Ave., one on Curtis Lane; two on Ministerial Road and one in the vicinity of Woodbury Lane and Seebee Street.

Article 18. To see if the Town will vote to raise and appropriate the sum of \$150.00 for the installation of (3) three fire Hydrants; one at the corner of Swan Avenue and Johnson Street; one at Woodbury Lane and Seebee Street; and one at South River Road and Eastman Avenue.

Article 19. To see if the Town will vote to accept a gift from James and Marguerite Driscoll of 10 acres of land, more or less, together with a Swimming Pool and a right of way to the pool located on the North Amherst Road adjacent to the land of Irene M. Parkhurst.

Article 20. To see if the Town will vote on a petition of James and Mildred Walsh and (10) ten other legal voters of the Town to change the name of Seebee Street to Sunset Lane.

Article 21. To see if the Town will vote to accept Oak Drive Northly from Meetinghouse Road, a distance of 550 Feet by 50 Feet Wide.

Article 22. To see if the Town will vote to accept \$200.00 in Trust from Mrs. Rhoda DeNicola, the interest to be expended for care of the Paul H. DeNicola lot located in the New Bedford Center Cemetery.

Article 23. To see if the Town will vote to accept \$100.00 in Trust from the Estate of Forrest C. Blood, the interest to be expended for the care of the Emily Blood Lot located in the New Bedford Center Cemetery.

Article 24. To see if the Town will vote to accept \$300.00 in Trust from the Estate of George H. Gault; the interest to be expended for the care of the George H. Gault Lot located in the New Bedford Center Cemetery.

Article 25. To see if the Town will vote to accept \$100.00 in trust from the Estate of Arthur N. Hodgman; the interest to be expended for the care of the Arthur N. Hodgman Lot located in the New Bedford Cemetery.

To hear the reports of Agents, Auditors, Committees and other officers heretofore chosen, and to transact any other business that may legally come before said meeting.

Given under our hands, and seal, this 25th day of February in the year of our Lord, nineteen hundred and fifty-seven.

RAY STARITA

FOREST FIRE REPORT

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose locally in preventing fires. The following is offered with the respectful request for publication in your town report.

Sincerely

W. HANNAFORD,

District Fire Chief

Your Town Dump

Use it freely

Care for it

Your town dump has been set up for your personal convenience. It provides a suitable place where you can dispose of the large amounts of dangerous, inflammable waste material and other useless items which accumulate around your household and local stores, brush, etc., cut on your property. The town dump has become a valuable and indispensable asset in modern community life.

The most successful town dumps are supervised—regular days provided for their use and inflammable material consistently burned. The town dump which receives no attention, where waste material is scattered about without supervision of any description, soon becomes a community menace and a liability rather than an asset.

Many people still burn debris around their homes. A large number of such fires get out of control causing unnecessary damage and expense to the burner. Why burn at home? Make use of your town dump and eliminate the hazard of burning. It will be easier for you—personally and financially.

If, however, you do burn on your premises

1. Secure a permit from your local fire warden—the law requires it. The warden won't refuse you if conditions are safe.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

Use your dump freely

Help Keep it safe

Number of local fires 12

Number of acres burned 8

Number of permits issued 333

WINTHROP HANNAFORD

District Fire Chief

ERNEST JENKINS, JR.,

Forest Fire Warden

POLICE DEPARTMENT REPORT

To the Citizens of Bedford:

The Bedford Police Department consists of seven men, of which the Chief and his assistant are elected by the Town and the other five special officers are appointed by the selectmen. All men are equipped with standard uniforms and equipment. The Chief and his assistant each have a two way radio; the property of the Town, installed in their own cars which operates in conjunction with the Manchester Police Radio.

Following are the names and addresses and phone numbers of our officers.

Bruno Vincent, Chief	17 Woodlawn Avenue	NA. 5-8269
Arthur Bostwick, Ass't Chief	N. Amherst Rd.	GR. 2-4571
Isreal Latulippe, Dog Officer	14 Curtis Lane	NA. 5-9096
Edward Brewer, Special Off.	3 Eastman Ave.	NA. 3-2117
Charles Pulford, Sp. Off.	Bedford Center Rd.	GR. 2-5341
Joseph Chatigny, Sp. Off.	8 Woodbury Lane	NA. 3-3662
Ralph DesRochers, Sp. Off.	Sebbins Pond	NA. 2-6525

The above officers are ready to serve you promptly and efficiently on call.

How to get State Police in case of emergency:

Call MANCHESTER Police Department NA. 4-4331 and give name and address and request that the State Police be dispatched to your location at once.

1956 REPORT OF N. H. STATE DEPARTMENT OF HEALTH BUREAU OF PUBLIC HEALTH NURSING

Salk Vaccine Clinics were held at the School during the past year. This was given to children from 6 months thru 19 years of age and Pre-Natals.

Bedford

Clinics Held	2
Attendance	504
Pre-School	165
School	337
Pre-Natal	2
	<hr/>
Total	504

Home visits have been made with emphasis on the care of the sick and Health Education.

I would like to take this opportunity to thank the Women's Club, School Department, the School Nurse, and the Visiting Nurse. This service would not have been possible without the parents and friends who have cooperated so generously with the work of the Public Health Nurse.

It has been a pleasure to work with you.

Respectfully submitted,

HAZEL W. SOMES, R.N.,

Public Health Nurse

REPORT OF TOWN AUDITORS

We hereby certify we have examined the accounts for the year 1956 of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Treasurer of the Public Library, Trustees of Trust Funds, Superintendent of Cemeteries and Highway Agent. We find the accounts correct and the vouchers satisfactory.

JOHN R. BURLEIGH,
GILLIS FRENCH

January 28th, 1957

Auditors

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Bedford, N. H. qualified to vote in district affairs:

You are hereby notified to meet at the Bedford Town Hall in said district on the 19th day of March 1957, at eleven o'clock in the forenoon, to vote for officers under Articles 1, 2, 3, 4. Polls will be open from 11:00 a.m. to 7:00 p.m. Action on the remaining Articles will begin at 8:00 p.m.

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the

selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

10. To see if the District will vote to set up a committee to study the various possible solutions to the secondary school problem, this committee to report to the District at a Special School Meeting to be held no later than May 21, 1957. This committee shall consist of the Superintendent of Schools as consultant, the 3 members of the School Board and Norma Arsenault, Dorothy Bowers, John Healy, Antonio Jolicoeur, Harry Loebel, Adrien Normandin, Richard Spurway, Ann Van Loan and Helen Zarnowski. This committee to be divided into 3 subcommittees to study the following:

- 1: Sending tuition pupils to Manchester or some other community,
2. Forming a cooperative high school district with one or more of the neighboring communities and
3. Providing facilities for secondary education within the Bedford School District.

By Request

11. To see what sums of money the District will vote to raise and appropriate for a capital reserve account for capital improvements to the School System as approved by future meeting.

By Request

12. To see what action the voters wish to take upon any other business that may legally come before this meeting.
Given under our hands at said Bedford this 21st day of February, 1957

ANNUAL REPORT OF THE BEDFORD SCHOOL BOARD

To the Voters and Parents of Bedford

It has been my pleasure, for the past year, to serve as Chairman of your Board of Education, and in doing so, I have realized the high degree of coordination and cooperation that exists between the Board, our Teachers, and the Superintendent's Office. To Louis Ramsay, John McGrath, and all of our instructors, we extend our thanks and respect for a job well done. We can all see fine examples of progress over the last school year.

The Board wishes to express great praise and admiration to all of our parents, for without their cooperation and diligence, Bedford school children would not have reached the honorable spot of having the best attendance record in Supervisory Union #27 and one of the highest positions in the state.

We feel sure, that you people will be pleased to know that the Bedford Memorial School was recently photographed by representatives of a national manufacturer and is to be featured in an article to appear in one of this country's widely circulated trade magazines. The main reason for this publicity to our fine school is due to the fact that it is the first school building in New England, and one of the first in the country to employ an accoustical plastered ceiling. By using this type ceiling—we not only reduced sound reverberations to a high degree but also reduced by 50% our insurance premium.

We have found it necessary to re-open the Donald Street School in the fall of this year and are doing so to eliminate the necessity of using the two basement rooms at Steven-Buswell School. During this period of time when these basement rooms were employed as class-rooms—we found that it created a great deal of **confusion** to the children and the teachers and

are therefore re-opening Donald Street in an effort to insure a continued smooth operating education program.

My sincere thanks to Elizabeth Mulroy and Carlyle Chick who have given me their whole hearted support during this past school year.

M. L. BUNKER

Chairman of the School Board.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and citizens of Bedford:

It is with pleasure that I submit this my second annual report as your Superintendent of Schools.

When I came to Bedford as your Superintendent I was impressed with the attitude with which Bedford regarded its Schools and ultimately the educational opportunities of its children. After nearly two years of association with your schools I have in no way altered my opinion.

The fact that you were able to retain all of your teachers for the school year 1956-57 has not only been to your credit but has added immeasurably to the educational opportunities of your children. As any school system is bound to feel the effects of a continual turn over of its teaching staff I would hope that every effort would be made to make the Bedford School System attractive enough salary wise to maintain its good record of the past years.

Much credit should be given your School Board for its recognition of the fact that a pleasant, well equipt, and well supplied classroom must go along with a reasonable salary scale if you are to attract and hold the quality of instruction that you have reason to expect.

I would like to say that you cannot be satisfied with past performance but must make every effort to make your school

system attractive enough to offset the inevitable attractive offers that will be offered by surrounding cities and states.

I cannot stress too strongly the very serious shortage of qualified teachers. The best investment Bedford could make would be to make every effort to retain its present competent staff.

NEW TEACHERS:

Mrs. Marilyn Guillemette — B.A. Notre Dame College in Manchester; Elementary conversion 1956.

Mrs. Guillemette did her cadet teaching in the Stevens-Buswell School under Mrs. Evelyn Barton, which enabled her to fill the additional third grade position with the unusual opportunity of having worked with some of the children as a cadet teacher. Mrs. Guillemette has done a very thorough and competent job as a first year teacher.

INSTRUCTION:

I wish to express my appreciation to all Principals and teachers for their fine cooperation and conscientious efforts in maintaining a high level of instruction in your schools. As Mr. McGrath's report follows I shall say no more concerning actual classroom instruction.

HELPING TEACHER:

Under the efforts of John W. McGrath the instructional program is continually broadening. Mr. McGrath's ability to work with and for teachers has been fruitful because the teachers have been willing to work with him. Teachers meetings with consultants in Reading, Science and Language Arts have served to broaden these instructional areas. Continued efforts to make more and varied materials available has also contributed toward better instruction.

Mr. McGrath's tireless efforts to do his work exceedingly well is most appreciated.

SCHOOL LUNCH:

My report would not be complete without an expression

of appreciation to Mrs. Smend and your School Lunch personnel for their work. One only has to observe the children at either of the schools to realize that the hot wholesome meal they enjoy each noon is an important factor in each child's school experience.

LOOKING AHEAD:

Large grades have been the rule the last five years and there is no reason to believe that the same will not hold true in 1957-58.

We shall need an additional teacher for the third section of next year's Sixth grade in 1957-58. This will necessitate the following proposed distribution of pupils and grades for the coming year.

Stevens-Buswell—

Grade I 2 Rooms

Grade II 2 Rooms

Donald Street—

Grade III 2 Rooms

Peter Woodbury—

Grade IV 2 Rooms

Grade V 1 Room

Bedford Memorial—

Grade V 1 Room

Grade VI 2 - 1 Additional

Grade 7 & 8 3 Rooms

It was considered advisable to use the Donald Street School for the third grade as then no children would be in basement rooms; also the lunch room facilities at Stevens-Buswell would not be completely taken over as classrooms.

I wish to thank the School Board, Teachers, children and citizens of Bedford for their friendly and understanding co-operation. It has made my past year very pleasant.

Respectfully submitted,

LOUIS L. RAMSAY,

Superintendent of Schools

REPORT OF HELPING TEACHER

Mr. Louis L. Ramsay
Superintendent of Schools
Bedford School District
Bedford, N. H.

February 1, 1956

Dear Sir:

I herewith submit my annual report as Helping Teacher for the Bedford School District. The reports of the various principals and supervisors are included herein. They are their statements, their opinions, their feelings, and their judgments. I feel that whatever they have to say about our school program is worthy of mention.

STEVENS-BUSWELL ELEMENTARY SCHOOL —

Mrs. Dorothy Marcy, Principal:

"Reading is our most important subject in grades I and II. We follow the Scott-Foresman System. Through this systematic step-by-step program the children develop the skills and abilities in phonics and word perception which are so important to reading.

We started a very interesting new series in Science this year. The children are very interested in the experiments and reading in these books."

PETER WOODBURY ELEMENTARY SCHOOL—Miss

Dorothy McLain, Principal:

"In the Peter Woodbury School there are three classes; one third grade and two fourth grade groups. The work is planned as suggested in the State Program of Studies for grades 3 and 4, under the supervision of the Helping Teacher, Mr. John McGrath and Superintendent Ramsay. Instruction in reading follows the Scott-Foresman Basal Reading System, which has proved its worth.

The Pupils' Own Vocabulary Speller series, from Mac-Millan, is used in the teaching of spelling. In language McKee-McCowan is followed by Houghton-Mifflin.

Silver Burdett Company's *Making Sure of Arithmetic* series, is basic in the Arithmetic program.

The purchase of a new series, *Exploring Science*, by Thurber and published by Allyn and Bacon, has increased interest and improved learning in the science work.

Follett's social studies series, *Exploring Near and Far*, for grade 4 is the basic text book in social studies for grade 4, while Rand and McNally's *Geography Around the Home* is used in grade three.

The supervisors in handwriting, Mr. Harold Matava and Mr. Brown; Miss Teresa Grace in Music and Mrs. Norma Osgood in Art have all been most helpful and the work in these areas show a gratifying progress.

Following the testing program installed two years ago, California Short Form Mental Maturity Tests and California Achievement Battery, Intermediate Form for reading, arithmetic, and language have been administered. These tests indicate the pupils are achieving satisfactorily at their grade levels according to their individual abilities which the California Test of Mental Maturity help to measure.

As principal of Peter Woodbury I wish to express appreciation to my teachers, the supervisors, Mr. McGrath and Mr. Ramsay for their interest, helpfulness, and cooperation for the most part."

BEDFORD MEMORIAL ELEMENTARY SCHOOL —

Mr. Donald Fournier, Principal:

"The improvement and strengthening of the program of studies at the Bedford Memorial School can probably find its causes in large measure in the fact that there was no change in staff from 55-56 to 56-57 and the purchase of many new text books. New Science, Reading and Social Studies books replaced the antiquated books in the 5th and

6th grades. The 7th and 8th grade reading books were also replaced by newer and better texts.

In conjunction with the replacement of old texts, special effort was made during 56-57 to perfect and improve the reading program in grades 5-6-7-8. The efforts of the teachers in this field are definitely "bearing fruit". Already having a good program of studies in 7-8 grade classes, special effort was made by teachers in 5-6 grade, through the use of new science books, to perfect the already existing science program. We are extremely satisfied with their efforts in this field.

My thanks and appreciation is extended to the faculty and all others who helped make our entire program possible."

THE ART PROGRAM—Mrs. Norma Osgood:

"Each of the three schools in the town of Bedford is visited once in two weeks for art classes of approximately one hour per grade. On alternate weeks the program is carried on by the grade teacher, or, in many cases, the art work may originate with the grade teacher as it corelates with a unit of study, and this is then carried on in the art classes. The primary aim of this, or any other elementary art program, is to provide the proper stimulation, materials, and encouragement, so that the child feels free to express his world and his experiences in his own terms, *not* being forced to imitate adult concepts.

In the primary grades the stimulation is toward bodily activities and an awareness of body parts, toward the immediate world of the child, and to his recent experiences. Large materials are used, in as far as they are available, since the child will have greater control over larger motions than smaller executions. Crayons, chalk, thick poster paint provide a linear, two-demensional approach, while ripped or cut paper gives experience in form. Some children express themselves more readily in one medium than in the other. Three-demensional work in paper sculpture, paper mache,

and miscellaneous materials require the handling of volume and surface decoration, often more meaningful to the child than flat expressions. All of these materials are put to use in the making of drawings, paintings, murals, mosaics, three-dimensional people, animals, birds, villages, farms, ornaments, mobiles, etc.

In the intermediate grades the same materials are used with stimulations designed around grade levels and experiences. Lettering and poster work is now taught as the pupils find a need for this experience. Some work has been done in linoleum block printing for which no equipment is at present available in the schools. The pupils bought their own linoleum and shared knives and ink brought by the teacher. Paper Mache is used in making large masks and a solar system has been modeled in this medium under the direction of the grade teacher. In these grades the children need a greater variety of materials, tools and craft supplies to participate in some of the activities of peoples and times about which they are learning."

THE HANDWRITING PROGRAM—Mr. Harold Matava: "Herewith is a report submitted for the purpose of informing the citizens of Bedford of the goals, functions, and progress of the Handwriting Program in the Bedford Schools.

The ultimate goal of the program is to obtain the best possible handwriting from every school child with a minimum expenditure of time, effort, and materials. To achieve this, teachers and children must become writing conscious. They must recognize and develop handwriting concomitants such as neatness, accuracy, attention to details, interests and attitudes.

The program functions in the Bedford Schools in the form of a supervisory visit to each classroom once each four teaching-week intervals for the purpose of placing master copies on the blackboard, grading informal handwriting prac-

tice at teacher's desk, and giving general instruction and individual help. These visits aid the teachers to provide stimulus and interest so that repetition of exercises will not become monotonous. They help develop within each child the desire to practice and apply his improved handwriting in all phases of his school written work.

Several different types of handwriting materials are utilized in each room such as writing folders for pupils and teachers, outlines for teachers, dexterity tests, room and individual Handwriting Certificates, and room diagnostic charts. Teachers' meetings are held when necessary to inform the teachers of the correct method of teaching handwriting as formal lessons. At these meetings the teachers are also reminded of the need for penmanship follow-up in all other school subjects, and the importance of each youngster acquiring the required technical skill by learning the exact details of each letter form.

The handwriting specimens and daily work obtained from the Bedford Schools indicate that great strides have been made in handwriting proficiency since the initiation of a formal Handwriting Program.

The children of Bedford have become anxious to maintain handwriting mastery in all written work. In many instances left-handed youngsters have also achieved a great amount of success in the perfection of letter forms and in their ability to maintain a correct writing position suitable to left-handed people. It has also been gratifying to observe many of the children maintaining the correct letter forms while writing with a speed that equals and even surpasses those obtained by national norms.

In conclusion I wish to commend the teachers of Bedford for their cooperative interest. Without their full support very little success could be achieved with a program of this type."

MUSIC PROGRAM—Miss Teresa Grace:

"Since lasting enjoyment of music is our objective we have tried to have active participation by every child in the music program.

Developing the child's voice so that he sings correctly constitutes the major problem of the first three grades. Although basic rhythms and folk dances should constitute an important phase of the child's musical development we have been handicapped as to time and space. Believing that accomplishment is an important factor in developing interest and enjoyment, we start music reading in the second grade and continue it through grade five.

In grades five and six we start two part and three part harmony. We have started a new program in theory and appreciation in grades 7 & 8.

Since public appearances add much to the child's poise and social development we are very grateful for the splendid cooperation which we have had from the parents for our public music programs."

May I say that new buildings, good administration, effective supervision, excellent supplies of materials — do not automatically make these instructions within the classroom profitable for the youngsters concerned. The TEACHER is the "magic" part of the entire formula. All the other factors are influential — BUT — the final gains for the pupil in lasting life values ultimately gained from education are dependent upon the ability of the teacher to teach. For the most part we have been extremely fortunate in Bedford to have such a capable staff. As "Better Schools make Better Communities" the best teachers make the best schools.

If you will refer to my report of last year you will note I wrote various statements under the heading "Future Planning for the Curriculum." Here is a report of the progress made.

As recommended, an elementary science program has been adopted by the administrators and teachers. The nationally

successful "Thurber series" edited and published by Allyn and Bacon Company was chosen. *Explaining Science* I-V has been extremely well received by the pupils and teachers. Book VI will be ordered next year.

The miraculous work done with these by the teachers is commendable for the most part. I know the students profit and gain from the series when it is well used. Fostering an interest in science and providing elemental science concepts is certainly a matter of national concern today. We are proud to have progressed this far with our elementary science program.

Our developmental program in reading progressed normally this year. Hardly as much as was proposed has been accomplished. A few additions as recommended were proffered to the teachers to supplement the Scott-Foresman basal reading program. Much remains to be incorporated.

(1.) In grade II—a separate phonic help program was instituted. The *Reading with Phonics* program from J. B. Lippincott Company was adopted. It has not as yet been used extensively enough to prove its worth. Probably, it will have to be extended over the first three grades to be effective.

(2.) *Building Word Power*, by Durrell from World Book Company was adopted in grades 1-3 to help strengthen readers who are having visual perceptual and/or auditory perceptual difficulty.

(3.) The full basal Foresman system was completed with the addition of the intermediate grade level readers and separate word attack readers in the primary grades and the extension of the developmental basal readers with the seventh grade.

(4.) Next year we plan to give much emphasis to the pre-reading and readiness program in grade one in order to strengthen our **starting program**. The Metropolitan Readiness Test will be administered to all grade I pupils and on the basis of this they will be grouped for pre-reading instruction

in the three readers text which are ancillary to our reading program.

(5.) Guidance in the use and functions of the program was offered by the Scott-Foresman reading consultant to our teachers at a general meeting in September.

Supplementary individual readers of all types need to be added to engender interest in reading and to develop abilities as well. This is where we have failed to provide extensively.

Concerning the language program—we had hoped to be able to add a language development program to grade 2 in the form of *Lets Talk* book 2, to supplement our written language program—*Lets Write*. We have made very ineffectual attempts. The general level of teaching the McKee Language has evidence of being of much finer quality this year.

Our Social Studies program needs a downward extension into grades three and two. We use the Follett series as explained in last year's report and it presently is used in grades 4-7. We need to add *Billy Lives in the Maple Wood* for grade 2 which is a basic country-school-home type of study and in grade 3 *Working with Billy* which is an extension of the community understanding type of study.

In October the consultant for the Silver Burdett Company arithmetic series which we use offered help to all our teachers at a general faculty curriculum meeting.

Our testing and guidance program has been carried out successfully as it was outlined in last year's report. We have added the administration of the California Interest Inventory Test of Vocational Preferences for grade eight to better help them with their problems of high school course and subject selection for grade nine. The results of these are available to students and parents as are the achievement test results in the spring in the areas of Reading, Arithmetic and Language.

We should all be proud of the job we are doing, parents, townspeople, schoolboard, superintendent, teachers, etc.

Let us not forget the teachers, they are the ones who carry

out all that is planned and offered. They are the "soldiers in the trenches." Too often the "generals" of strategy forget this. I commend them all for "trying" as they all have.

If you will refer to last year's report you will understand what my feelings are on the status of other areas in the curriculum. They have not changed. Thus, I feel no need to repeat what was published last year.

Thank you again for your support, understanding, and co-operation in all our endeavors covering the instructional program.

Respectfully submitted,

John W. McGrath,
Helping Teacher

REPORT OF SCHOOL NURSE

Bedford, N. H., February 1, 1957

To the Superintendent of schools, the School Board and the citizens of Bedford, N. H.

The following is my report as School Nurse from February 1, 1956 to February 1, 1957

Number of children examined by Dr. Manning	358
Number of children with operative tonsils 8; enlarged	29
Number of children with heart murmur	1
Number of children with defective teeth	67
Number of children with wax in their ears	2
Number of children examined by school nurse	368
Number of children weighed and measured	368
Number of children given audiometer test	163
Number of children with defective hearing	2
lipreading 2, seen by doctor 2	
Number of children with speech defects	21
corrective speech instruction 21	
Number of children given eye tests	85
Number of children with defective eyes	7
corrected 7	
Number of children fitted to glasses for first time	15
Number of children seen by dentist	299
Number of children who had chickenpox	5
Number of children who had measles	1
Number of children who had german measles	15
Number of children who had pneumonia	2
Number of children who had tonsil operations	5
Number of children who had chest X-ray 2 (negative)	2
Number of children who had broken wrist	1
Number of children checked at preschool clinic	26
Number of home calls made	250

Number of children who had first injection of Salk Polio vaccine in school	179
Number of children who had second injection of Salk Polio vaccine in school	112
Number of children who had third injection of Salk Polio vaccine in school	95

These figures do not include preschool or high school children.

Out of our present enrollment of 358 children only 27 children have not had any Salk Polio vaccine.

Respectfully submitted,

GLADYS W. SMEND R. N.

School Nurse

HOT LUNCH PROGRAM

The following is my report of the Hot Lunch program from July 1, 1955 to July 1, 1956:

At the PETER WOODBURY SCHOOL Mrs. Lala Curran served 11,735 hot lunches. Of these 589 were free or reduced.

Our receipts for the school year 1955-1956 were \$3,659.00. Included in this total is our government reimbursement of \$583.01. Our expenditures totaled \$3,717.30.

At the STEVENS-BUSWELL SCHOOL Mrs. Miltmore served 12,018 hot lunches and of these 935 were free or reduced.

Our receipts for the school year 1955-1956 were \$3,768.40. Included in this total is our government reimbursement of \$663.84. Our expenditures totaled \$3,613.46.

At the BEDFORD MEMORIAL SCHOOL Mrs. Christie served 22,501 hot lunches and of these 1,469 were free or reduced.

Our receipts for the school year 1955-1956 were \$6,579.90. Included in this total is our government reimbursement of \$879.50. Our expenditures totaled \$6,359.51.

Respectfully submitted,

GLADYS W. SMEND
